

WEST FELICIANA PARISH SCHOOLS
Our core business is student achievement!

MISSION STATEMENT

West Feliciana Parish School System empowers students to be active learners and productive citizens in a global society.

MOTTO

✿ Dedicated to Excellence, Anchored in Success, Connected to the World ✿

VISION

In the relentless pursuit of excellence, the West Feliciana Parish Schools will partner with parents and community members to create a dynamic learning community preparing students for a brighter future in an ever-changing world.

It is our vision that:

- Students will have a safe, physically comfortable, healthy, engaging, and challenging environment in an inclusive and diverse learning community.
- Students will become creative, independent, responsible, and resilient students who will make valuable contributions to our global society.
- Students will have the cognitive, social, physical, and emotional skills necessary for success now and in the future.
- Students will exhibit courage, integrity, compassion, and honesty.
- Students will have families and homes where literacy is valued.
- Students, parents, teachers, administrators, and community members will invest in our schools with the expectation that all will put forth their best efforts to make our schools successful.
- Teachers and administrators will be dedicated to high expectations for themselves and their students.

BELIEFS

- We believe students learn best when they are actively engaged in the learning process and are provided with a variety of instructional approaches.
- We believe that students will achieve their full potential with self-discipline, a good work ethic, and high expectations.
- We believe that all students have an equal opportunity to learn and will be provided with differentiated learning activities to meet individual differences.
- We believe students need the skills to think clearly and critically, communicate effectively with others, and make logical and ethical judgments.
- We believe in recruiting and retaining a staff of learners who embrace professional development resulting in improved student achievement.
- We believe all educators must be provided with the training and resources necessary to meet the needs of students, incorporating effective research-based practices.
- We believe all parents must be active participants in the learning process with training and resources available to address their child's individualized needs.
- We believe in the mutual accountability of students, educators, and stakeholders to create an exemplary learning community.
